FOR IMMEDIATE RELEASE
JULY 25, 2008

PROIS HUNTING APPAREL FOR WOMEN TO ATTEND ANNUAL POMA CONFERENCE IN SIOUX FALLS

Prois Hunting Apparel for women, launched in 2008, has recently teamed up with POMA as a Corporate Partner. With that, they will be attending the 2008 Annual POMA Conference in Sioux Falls, South Dakota. Swing by on Field Day and see what they are all about!

Prois provides women what they have long been missing in the field, high-performance gear that is engineered to withstand the extremes of the hunt. Engineered with technical fabrics that allow wicking, windstopping, waterproofing and warmth, Prois is leading the way for women who are serious about the hunt and the gear they choose. In addition to technical fabrics, Prois has developed a number of signature features such as thumbholes in the cufflines of long sleeve shirts and jackets, deep lumbar compartments for storage, scapular drop pockets to hold activated hand warmers, use of magnetic closures and additional pockets where they are most useful. Don't just take their word for it, come see why Prois is SERIOUS HUNTWEAR FOR REAL WOMEN.

See their comprehensive line and media/community pages at www.proishunting.com

We'll see you there!
